| Restricted Gerhart Hauptmann Strasse: Occuried by about 100 soldiers with red-bordered black epaulets. No rocket launchers were seen.  Trucks picked up ammunition at the ammunition denot in Fasanerie.  Alte Grenadier Kaserne (2225): Occupied by about 200 soldiers with red-bordered black epaulets. Part of the unit was presumably absent. Two 122-mm field howltzers and truck were seen in the barracks yard.  Restricted Schlossgarten Area (2227): Occupied by 100 to 150 soldiers wearing red-bordered black epaulets. Truck entered the installation.  At 1630 on 7 October, a train with about 20 trucks entered the installation.  To it is believed that, in the main, tank units of the division were retransferred from their summer camps to the winter quarters between 23 and 27 September. Another source observed that wheeled elements of the division massed through Hagdeburg from Letzling Heath on 25 September. These 7 shipments between 23 and 27 September are probably identical with those previously reported by another source which, however, erroneously reported them to have gone in the direction of Letzling Heath.
